Director of Pastoral Care

Dear Shining Light Ministry:

Thank you for an excellent faith filled presentation.
You touched the hearts, souls and minds of all the residents who attended.
You planted the seed of faith and the seed of transforming their life toward the good.
All of them loved the performance and were singing the songs over the weekend.

We were impressed with your set up and taking down the equipment. The team work was remarkable.
The whole performance was excellent. The songs were lively and gave a faith filled message.
The skits were truthful and hit home with the kids who try to be someone who they are not.
The faith sharing message was practical and directed to our residents in a manner that they understood.

You answered their questions in a direct, honest and compassionate manner.

Our residents lives have been greatly affected by your presence.
Lives have been changed forever because of you.

May the Lord continue to bless you for all the good you do for others.

In deep gratitude

Joseph J. Baggetta
