RE: Shining Light Program at Mountain View Youth Development Center

Dear Ms. Hackman:

I want you to know that the Shining Light presentation given at Mountain View on June 17, 2005, was undoubtedly the finest production that we have had in the eight years that I have been at Mountain View. I was personally blessed and I'm sure that the students and other staff were as well. First, you came in fully prepared with everything that you needed – even your own generator! Next, all of the members of your group knew exactly what to do and when to do it. (I only wish I could run as fine tuned a facility as your excellent ministry.) I believe the most impressive thing about the production was that it was absolutely perfect for our students. You hit them right where they were. This wasn't Sunday School fare. It was God's good news delivered powerfully in a dramatic presentation that grabbed our kids' attention and held it for the entire program.

I received positive comments from many students and staff after the program, thanking me for allowing you to come to Mountain View. The thanks goes to you for taking the time not only to put together a quality production, but for building a program that fit the audience. There is no doubt that you were divinely led in this ministry.

My thanks to you and to all of the members of the Shining Light cast and crew. You are welcome back at Mountain View any time. Please feel free to use this letter as a commendation to share with other facilities you may wish to visit. I enthusiastically recommend your program. May God bless you!!

Sincerely,

Gary W. Morris  
Superintendent
